Rafael, the progress I heard reported in the 5-year review (reduced blood-lead levels, tons or cubic yards of contaminated soil removed) seems appropriate for this group.

Blake, for this issue paper, is there any particular aspect(s) of the Tar Creek Site that the fact sheet for the environmental federation conference should address? Thanks.

Mike and Katrina,

John suggested that issue papers for Tar Creek, Tulsa Fuel, and Wilcox Oil would be appropriate for this conference. Please provide me draft issue papers, I presume in WECARE briefing format, by October 5<sup>th</sup>.

Katrina, please coordinate as necessary with Bob and Rafael.

Thanks.  
Blake

Blake,  
We will need issue papers for OK sites in a couple of weeks. We can discuss at our management meeting.
